Our global operating platform, technical expertise, and ability to rapidly deploy programmatic resources make us an excellent partner to support the Department of State (DoS) mission and priority policy issues. DAI’s experience includes COVID-19 response, supporting free trade and U.S. investment interests, strengthening democratic institutions, and post-conflict stabilization assistance.

DAI implements 180 projects in 90 countries on behalf of 17 clients. In addition to OASIS, DAI holds more than 30 umbrella contracts and with the U.S. Government, European and U.K. partners, and other development agencies.

To support our clients, DAI relies on a global workforce of 5,700 staff, 70 percent of whom are from the countries where we work, along with our global network of 200,000 consultants. DAI maintains more than a dozen corporate offices worldwide and registrations in 50 countries, which enables us to respond quickly and seamlessly to the needs of DoS wherever required.

DAI can operate in any implementing context, from stable societies and high-growth economies to challenging environments racked by conflict and instability. We deliver project results through short- and long-term programming supported by rigorous monitoring and evaluation. Through decades of experience, DAI has field-tested systems and procedures to deliver efficient and compliant technical assistance, assessments, procurements, and grants under contract. Examples of Department of State engagement are listed below:

DAI’S DEPARTMENT OF STATE PROJECTS	BUREAUS DAI HAS WORKED WITH:

Providing solutions for sustainable development

RTI International is an independent, nonprofit research and international development institute dedicated to improving the human condition by turning knowledge into practice. For more than 60 years, we've used evidence and data to achieve impact. Our international development staff design and implement programs across a wide range of sectors to help low- and middle-income countries and communities address complex problems and improve the lives of their citizens. We work with local partners and stakeholders to provide solutions that promote sustainability, self-reliance, and success at scale.

RTI has been a trusted partner to the State Department for over 10 years, including work with the

- Bureau of Conflict and Stabilization Operations (CSO)
- Bureau of International Narcotics and Law Enforcement Affairs (INL)
- Bureau of Near Eastern Affairs
- Bureau of Oceans and International Environmental and Scientific Affairs (OES)
- Bureau of Overseas Buildings Operations
- Office to Monitor and Combat Trafficking
- Various Embassies
